14:00 – 15:15

The session is 75 minutes, and each presenter has been allocated 15 minutes for presenting. Let's keep the speakers on track with their time so we have enough room for open discussion and interaction with the audience.

Bo Hee works at the intersection of organization studies, economic sociology, and science and technology studies. She is interested in the transformation of financial markets and organizations due to electronization of marketplaces and adoption of automated trading systems.

Assistant Professor, CBS
